Weymouth,

Ms. A.4.6A.2.70

Thursday noon, Sept. 7.  
21 Cornhill.

Dear friend,

We have word from Lynn  
this morning that Wendell is better -  
Dr. Reynolds has now strong hopes of his  
recovery, though for several days, it seems,  
he thought the result would be adverse.

In great haste,

Yours,

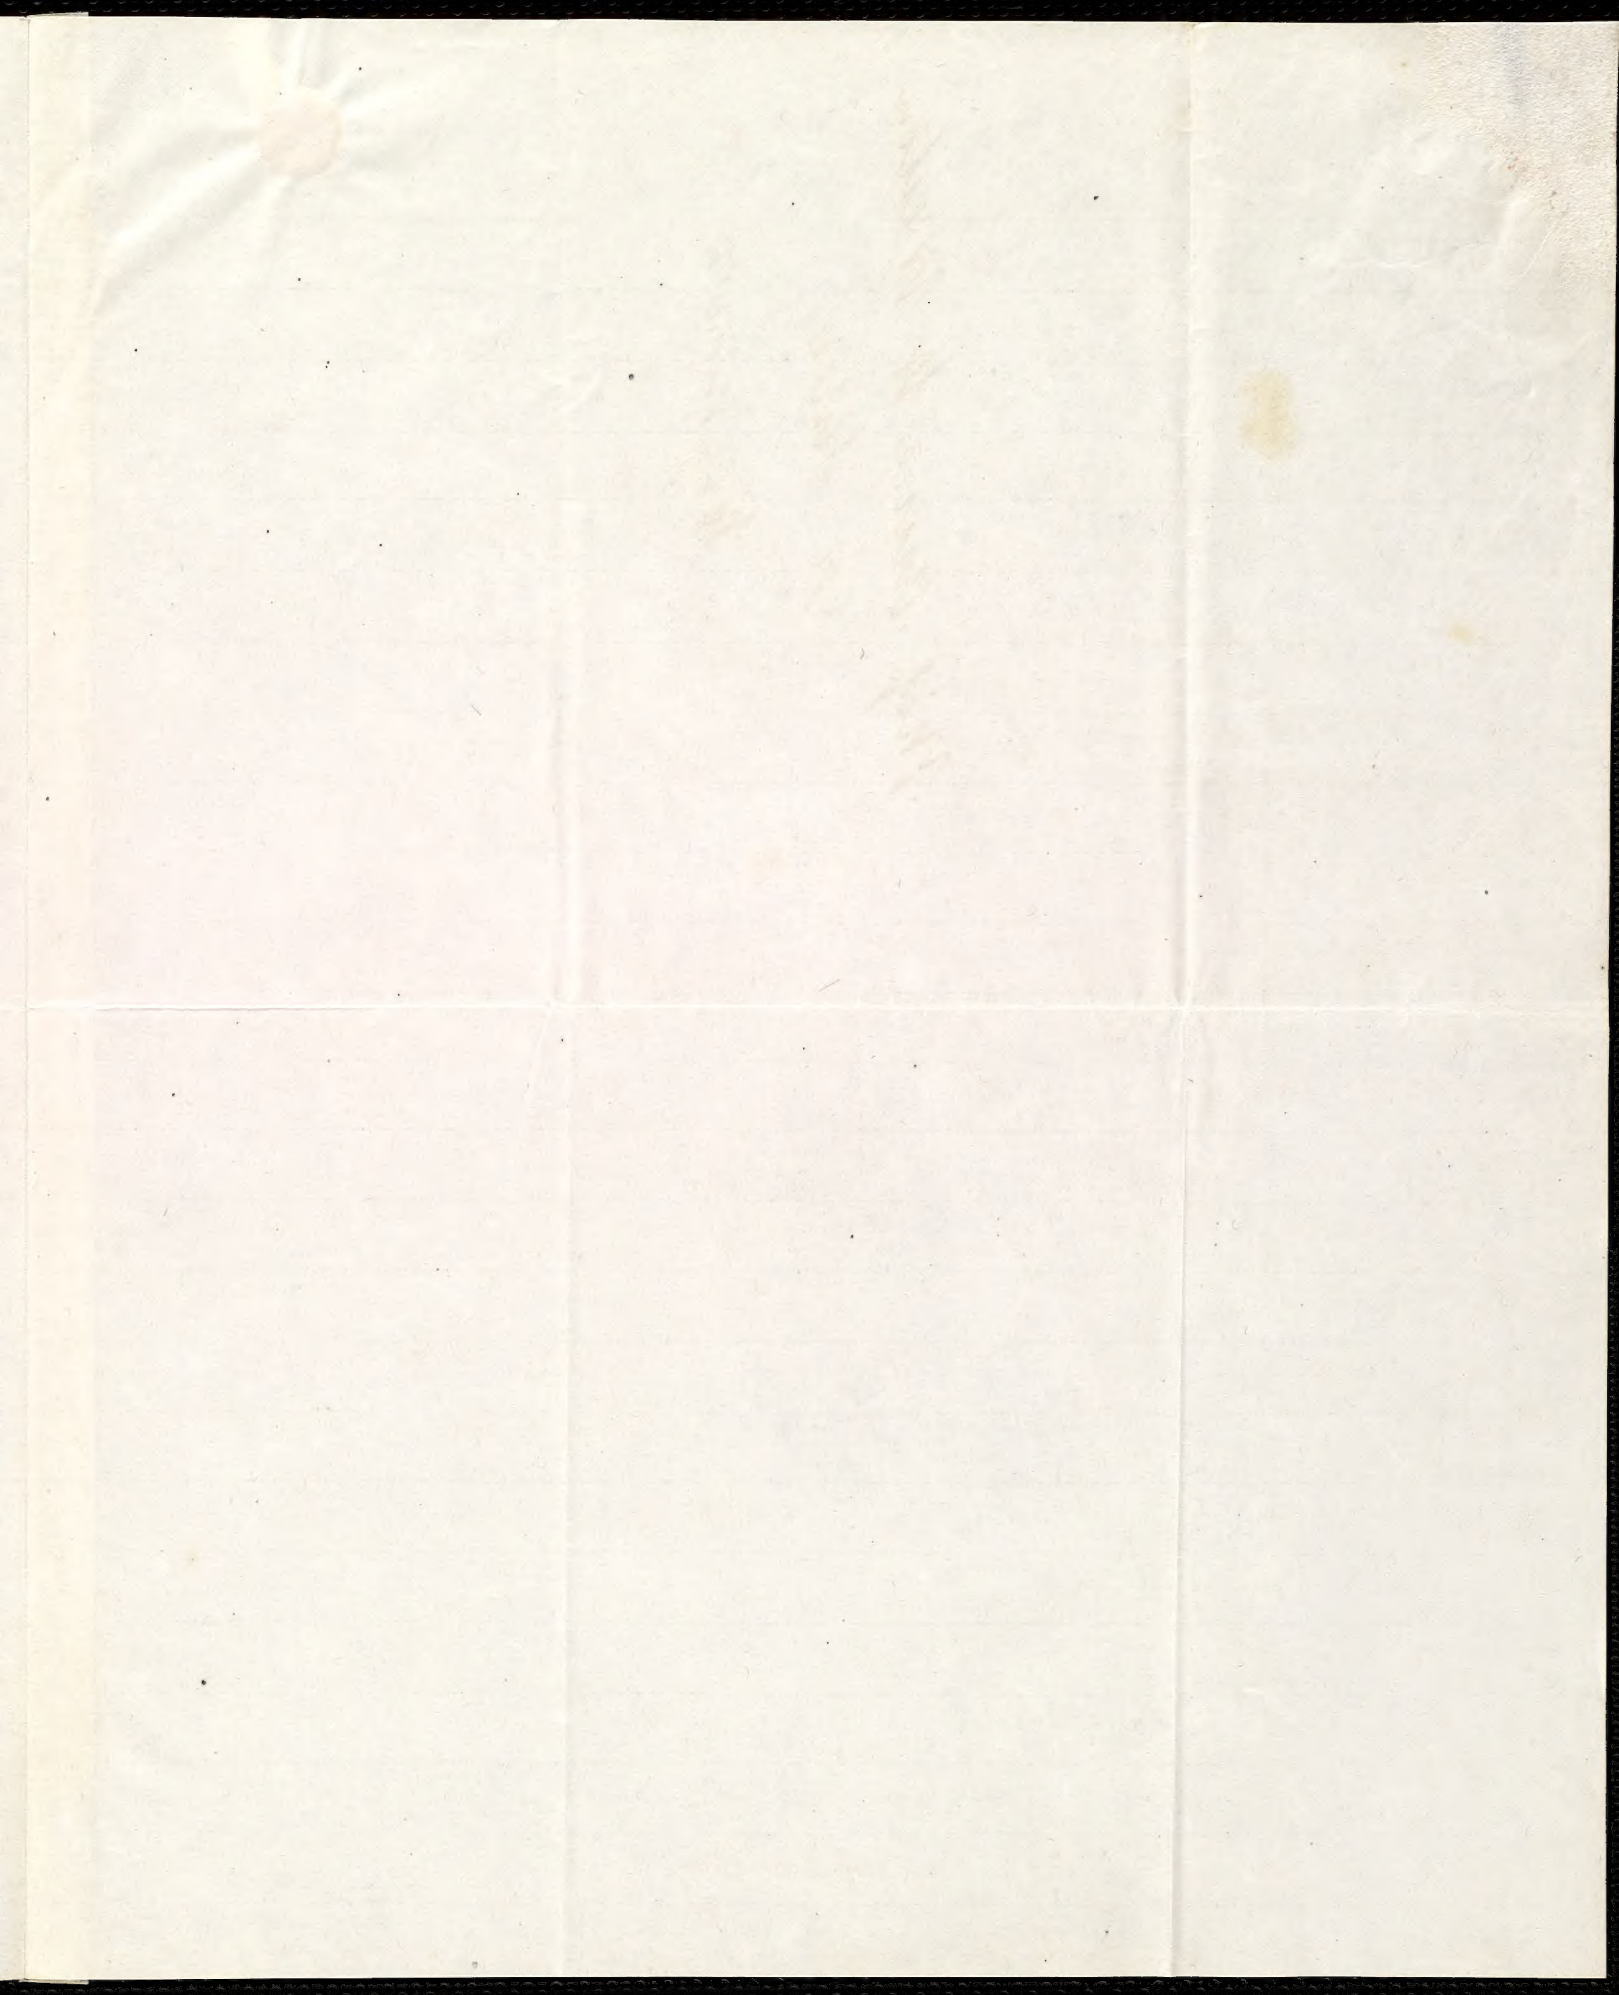

Samuel May Jr
